NOTES

GENERAL:

1. All dimensions to be checked on site before commencement of any work. Use figured dimensions only. Any discrepancies should be reported to the Architect immediately.
2. All dimensions are in millimetres unless otherwise stated.
3. All sections should be read as per floor plan and drawings must be read in concert with each other.
4. P.V. denotes permanent air vent.
5. All windows and doors to schedule and details.

CIVIL WORKS:

1. All soils under slabs and around external foundations to be treated for termite control.
2. All soils on cut embankments to be stabilised.
3. The slab to be poured over 1000 gauge polythene sheeting on 50mm stone blinding on hardcore.

STRUCTURAL WORKS:

1. All black cotton soils to be removed from all building plinths. The building area to be clear of black cotton soil to a distance of 1 to 1.5 m
2. All paved surfaces to be clear of black cotton soil to a distance of 500mm outside the edge of the surface.
4. Refer to structural drawing details for all foundation works.
5. Foundation depth to be determined on site according to the structural drawings.
6. All walls less than 200mm thick to be reinforced with hoop irons at every alternate course.
7. All masonry walls to be tied with strap irons at every course.

MECHANICAL WORKS:

1. All sanitary fittings, doors, windows to schedules.
2. All plumbing and drainage to comply with council's specifications.
3. SVP denotes soil vent pipe to be provided at the head of drainage.
